My presentation will be focused on (check all that apply):

- ☐ **BEST PRACTICES** – Identify and describe noteworthy practices that are currently in place and are effective in your area that may be duplicated in other areas of the State related to:
 - ☐ Natural Supports – Existing community services that people who have disabilities may avail themselves of
 - ☐ Access to Services – Services that are available through a formal care system
 - ☐ Transportation – local and/or networked transportation venues

- ☐ **BUILDING COMMUNITY** – Identify and describe examples of collaborative efforts that are ongoing in your community to address the needs of people with disabilities with regard to:
 - ☐ Natural Supports – Existing community services that people who have disabilities may avail themselves of
 - ☐ Access to Services – Services that are available through a formal care system
 - ☐ Transportation – local and/or networked transportation venues

- ☐ **IMPROVING QUALITY** – Provide constructive and practical ideas for innovations or give suggestions for improving the quality of services and supports for people with disabilities in New York State. These innovations or suggestions should be directed at improving the quality of life for people with disabilities, and should fall into one of the categories listed below.
 - ☐ Natural Supports – Existing community services that people who have disabilities may avail themselves of
 - ☐ Access to Services – Services that are available through a formal care system
 - ☐ Transportation – local and/or networked transportation venues

- ☐ **LOOKING TO THE FUTURE** – Provide a constructive vision of what the future could look like with the collaborative and interactive approach to providing services to individuals with disabilities in New York State.
